

BRUTUS DRAWER PACK

Brutus Drawer Systems

Brutus has taken the best features and designs from the leading drawer suppliers of North America and created its own custom aluminum drawer cabinets. These new drawers have the following features:

- Aluminum huck-bolted construction
- Full side and rear panels with bottom riser for a rigid structure
- Stainless “easy open” handles with key locks
- Stainless “easy close” slam latches
- Stainless replaceable striker plates for latch wear
- One step removable drawers for easy drawer cleaning or to take all tools directly to the jobsite
- 300 lb roller bearing sliders (extended capacity)
- Huck-bolted slider and drawer mounting so parts can never come loose
- Adjustable aluminum dividers included
- Expandable aluminum top shelf to prevent parts and tools from falling alongside or behind cabinet
